No. 214

GREAT SHORTAGE OF LABOR FOR AT LEAST TWO MONTHS

WHEN WINTER COMES, HOWEVER, THE MEN WILL FLOCK TO TOWN AGAIN—TEAMSTERS ARE ALL AWAY HAYING.

The local employment agencies report that there will be no relief to the labor situation for at least two months. The demand for labor is as great as ever, while the supply has not shown any increase whatever. At one agency it was stated that it was only possible to fill 25 per cent of the orders for labor. The same agency reports that it has on the books orders for men in bodies of 50 to 100 for local work but that it was impossible to gather them. As far as office or clerical help is concerned, however, there is hardly any demand at all. It is known that in the railway construction camps that there is and has been for a long time a great dearth of labor. Although the scarcity of men has a great deal to do with this state of affairs in the camps, yet at the same time the men who are applying for work today are not inclined towards going to construction camps. The beginning of winter, however,

will see the betterment of conditions. Railway construction will cease, and building along other lines will also have the usual slump. That will have the result in the flocking to the city of many men, who wished to be placed for the winter months. The main industries carried on through the winter are mining and hawking. At present there is a big demand for good miners.

There is also a considerable shortage in teamsters, owing to the fact that many of them have left town for the country to engage in the work of moving the crops. Again they find it a good deal more profitable to indulge in the cutting of hay, in view of the shortage of that product. Hay at present sells for at least \$20 a ton, and so the teamsters secure cutting permits and go out on the waste lands. If the price of hay was at its normal condition, the teamsters would make better money if they remained in the city.

LABOR CONGRESS SESSIONS CLOSE

Calgary Is Selected as Meeting Place of Next Year's Congress

PROVINCIAL OFFICERS
Were Elected—All General Officers Are the Same As Last Year

Port Arthur, Ont., Sept. 16.—The Trades and Labor congress started on the home stretch of its twenty-third annual convention this morning, it being confidently expected that as the business is about a day ahead of its schedule it will be possible to close up tonight and give the delegates a day off at the week ending.

This evening there will be a moonlight excursion on Thunder Bay, which Whalen has offered the use of his yacht. Resolutions came forward in large numbers this morning and were discussed of quickly as a rule. The discussions are very brief, most of those that had come prepared to make lengthy speeches already having delivered them.

A resume of some of the resolutions considered in as follows:

By delegate Campbell, of the telegraphists, to make arrangements for an international peace conference of all labor bodies to end all international warfare.

By delegate Benson of Vancouver to get a government pension for the blind.

For legislation requiring greater care in the erection of scaffolds and temporary floors on which men are forced to work.

By John B. Pegg, of Port William, to stop the practice of using troops in labor disputes.

By Cas. Franck, of Montreal, approving of the principle of co-operative stores, etc.

By J. Z. Marton, of Port Arthur, for legislation requiring heating of vestibules of street cars, the same as the interiors for the protection of conductors.

Port Arthur, Ont., Sept. 15.—Calgary will be the next meeting place of the Trades and Labor Congress of Canada in their annual gathering, the Western City having won out in the contest for the 1911 gathering over

RUN THE RAPIDS IN MOTOR BOAT

Captain Larsen of Cleveland to Navigate Niagara Rapids Tomorrow

Cabin Extends Her Entire Length—Larsen to Stand Upright and Steer

Buffalo, Sept. 16.—Tomorrow Captain Klaus P. Larsen of Cleveland, Ohio, will test his life to the wild waters of the Niagara rapids, in an effort to navigate them in a frail motor boat.

Larsen is the only one left of a field of a dozen original entrants who had declared their intention to compete in a race through the whirlpool. Sept. 17th. But Larsen is determined to make the trip.

Larsen's specially built boat is 18 feet long, and is covered over with a cabin extending the entire length. She is five feet wide, and two and one half feet deep. Larsen will stand upright in the centre of the craft and guide her on her perilous trip. The boat has an eight horse power engine, capable of making eight miles an hour.

N.-W. REBELLION HEROES HONORED

Brass Tablets in Their Memories Presented by Daughter of Empire at Toronto

Toronto, Ont., Sept. 16.—Two brass tablets in commemoration of those who fell at the engagements of Cut Knife and Battlefleur in the North West rebellion were unveiled at the British Army, Sir William Grantham and General W. D. Otter, inspector-general of the Canadian forces.

Lieut. Governor J. M. Gibson presided and the other speakers included Bishop Taylor Smith Plaf, a general of the British Army, Sir William Grantham and General W. D. Otter, inspector-general of the Canadian forces.

THE OLD GREY MARE

One Man Lost It, Another Tried to Sell It, and An Arrest Followed

Before Justices of the Peace A. C. McDonald and C. H. Sweetwell yesterday at Mundare Harry Lesiah was charged with stealing a grey mare and was committed for trial at the next court of competent jurisdiction in Edmonton. Lesiah had nothing to say on the matter and he was allowed out on bail of \$300. John Goodrich reported that he had lost a grey mare while at the same time Lesiah brought a grey mare to a livery barn in Mundare and offered it for sale. He was arrested and brought up for trial.

CITY CAN'T WIDEN SASK. AVENUE

Government Intends to Build Wall Along There and Terrace the Slope

Mayor Lee accompanied by Commissioner Bouillon interviewed Mr. John Stocks, deputy minister of public works yesterday afternoon in connection with the city's application for permission to improve Saskatchewan Avenue, along the boundary of the site of the parliament buildings. When the application was first made it was refused, but the city authorities were of the opinion that their intentions had been misunderstood, hence the second interview. It turned out, however, that there had been no misunderstanding on the part of the department but that the permission had to be refused as the widening of Saskatchewan Avenue at that point, which was what the city desired to do, would interfere with the plans of the government in connection with the property.

It is the intention of the public works department to erect a five-foot wall along the base of the hill on which the parliament buildings are situated, and terrace the ground from there to the top. The department claims the widening of the avenue would interfere with that project. However, the city will be given permission to have the sharp turns in the avenue eliminated, so as to give it a natural curve.

THANKSGIVING

Ottawa, Sept. 15.—An order-in-council has been passed making Monday, October 1, Thanksgiving Day.

MORE EVIDENCE IN THE CRIPPEN CASE

London, Sept. 16.—More evidence was called today in the Crippen and LeNeve appeared at Bow street. Dr. Spilsbury, pathologist, said that by request of Pepper he had made a microscopic examination of the piece of skin and that he had formed the opinion that the mark on it was a scar and was an old one, but he was unable to say to what part of the body the piece was from. Replying to a question, solicitor for defence, the witness said that he was unable to say whether the piece of flesh was from a man or a woman. Dr. Wilcox said the trouser of the pyjamas in the box in Crippen's house corresponded with the piece of skin in the bars under examination. After a considerable number of questions had been put to Wilcox by Travers Humphreys for the prosecution, regarding his test for traces of poison the witness said he had found two-sevenths of a grain of arsenic.

NO WORD YET.

The board of trade have received no further word in regard to the date of the visit of the Manufacturers' Association to this city. Secretary Fisher wired for information yesterday but as yet no reply has been forthcoming.

STOLE LIEN NOTE, TWO YEARS IN PEN.

For stealing a lien note given to the Cooksfoot Plow Company by himself, Peter Choma was sentenced to two years by Judge Taylor at Vegreville yesterday. Choma caught a drill from the company and gave them a lien note for \$200. He walked into their store one day and after looking at the note put it in his pocket and refused to give it back. He was, therefore, arrested for theft.

PRESBYTERIAN MANSE

Permit Taken Out for One at Corner of Fourth and MacKay.

The First Presbyterian church is building a manse at the corner of Fourth street and MacKay Avenue. Mr. R. Grant is the contractor; the cost is to be \$17,000.

Other buildings registered at the inspector's office are: A dwelling for Mr. McDonald on Tenth street, cost \$2,500; a dwelling on Fifth street for D. Noll, cost \$1,800; a dwelling on Victoria street for J. McTavish, cost \$3,000. The total for yesterday was \$10,080.

REPORT ON PHONES READY NEXT WEEK

Expert Returns From Calgary and Continues Investigations in Edmonton

P. H. Davenport, the automatic telephone expert of Chicago, who is making an inspection of the local system as a result of the numerous complaints of the past month or two, has returned to the city from Calgary, where he has been supervising the opening of the automatic exchange in that city. Mr. Davenport stated to a capital reporter this morning that his report will likely be presented some time next week. He was not prepared to offer any explanation as to the fault with the local system, if there is any.

Speaking of the opening of the Calgary exchange, Mr. Davenport said that the system was running smoothly now, but that there was a little confusion at first as the subscribers did not understand the operation of the instrument.

SAYS SHE USED SPOOKS TO FOOL AN OLD MAN

Mrs. L. Cramer Is Accused of Getting \$40,000 by Using Spiritualism

Washington, Sept. 15.—An affidavit that "upon the false and fraudulent pretension that she was a medium," Mrs. Laura Cramer, a clerk in the State Department, induced him to give her sums of cash aggregating \$40,000, was filed by Fenton J. Hurd, an octogenarian of Greenwich, Conn., in the supreme court of the district today.

Hurd filed the paper through his counsel, as the old man is now said to be on his death bed at the home of his son, Byron L. Hurd, at Washington, N. Y. Action is being taken at the instance of his children, in an attempt, to recover the money. The affidavit asserts that only recently has the aged man learned that Mrs. Cramer is not a medium. It alleges that through her he supposed he obtained messages from his dead wife and many other "spirits," and that he made most of the gifts to Mrs. Cramer at the suggestion of "spirits."

NEW GAS PLANT

For the purpose of supervising the installation of a plant for the manufacture of Pintsch gas in this city, Mr. A. C. Van Nest, of New York, is in the city. The plant is to be located on Eighth street near the C. N. R. tracks. Mr. Van Nest expects the plant to be completed and ready for operation by November 1st.

ITINERARY OF TRIP ARRANGED TODAY

Special Committee of Board of Trade Held Meeting This Morning

BUSINESS MEN'S TRIP
Need Fifty Names Before the Board Can Complete All Arrangements

A meeting of the special committee of the board of trade, which has the arrangements for the business men's tour in charge, was held this morning when the itinerary was decided on. It now remains to be seen how many members of the board wish to take in the tour, and as to whether there has been a change of mind on the part of many of the members in regard to the trip. It is desired that at least fifty form the party. A special meeting of the board has been called for next Tuesday afternoon at 4 o'clock so that all members may express their intentions. The schedule as arranged this morning is: Leave Strathcona on the night of October 19th, and proceed via C. P. R. to Olds; over the Lacombe branch to Castor; over Westsaskatchewan branch to Hardisty; east on G. T. P. to Wainwright; west on G. T. P. to Edmonton and return; east on C. N. R. to Lloydminster; return to Edmonton, October 14th.

She Might Try It Here in Edmonton

New York, Sept. 16.—Mrs. Ida Hahn, who lives in Brooklyn, in a letter to Deputy City Clerk Joseph V. Scully today offers the deputy if he can secure the right party. The letter follows:

"Dear Mr. Scully: "I write to you if you can find me a husband—a good, honest man, Swedish or German preferred. I am a German widow—31, fine housekeeper, can cook, sew, and want a good man who does not drink. Would take a widower with one or two little girls. Will give you \$10 for your troubles. Kindly publish this, as it may strike the honest eye of some honest man. (Signed) "Ida Hahn."

"I, S. I. heard you had plenty on the list."

Deputy Scully thinks he will have no trouble in securing the right party.

WAITING FOR HUBBY

Little Woman from Russia With Two Kiddies at the Immigration Hall

A bewildered little woman in peasant costume with two children clinging about her, may be seen at the Immigration Hall. Her name is Maria Sorovich and she comes from far-off Backovia. Where's that? Oh, somewhere in Russia. She came to meet her husband but he has not yet turned up, but she is quite resigned to the inevitable and accepts it all with Russian stolidity. A countryman undertook to look her husband up and send him in so she will remain at the Hall until he rejoins her.

First Move Made Yesterday Afternoon in Establishment of Drive-way

Mayor Lee and Ald. Landy had a conference with Premier Sifton yesterday in connection with the proposal to establish a river drive along the bank of the Saskatchewan. The premier was asked to have the government make a survey of the bank, while the city would agree to secure the right-of-way. Mr. Sifton was in sympathy with the move and promised to bring the matter before the government. Of course, the ultimate establishment of a river drive is only on the horizon, as it can only be accomplished in stages. The cost of the work is too prohibitive for the city to engage in all at once. When the survey would be completed, however, the city could set to work to secure the right of way, much of which the mayor confidently expects would be donated by property owners, to whom such a drive along the

frontage of their property would do much towards increasing its value. The work of improvement would progress as the city secured its right of way. Eventually, it is expected, the building of a drive would be a perpetual municipal work aided by an annual grant from the government, such as is in vogue at Ottawa. In the federal capital there is a commission known as the Ottawa Improvement commission, which is supported mainly by the government, which makes an annual grant in an amount over \$100,000 towards carrying out the recommendation of the commission. As a result a most magnificent driveway has been established in the Dominion capital, which is the envy of other cities, and the object of complimentary remarks from visitors the world over. It is to be hoped that Edmonton some day will have cause to boast of a similar driveway.

EDMONTON GIRLS WIN SCHOLARSHIPS

Helen Montgomery and Marion Fife Carry Off University of Alberta Scholarships

The following scholarships have been awarded by the University of Alberta on the results of the Matriculation examinations conducted in July last. These scholarships are of the value of fifty dollars each, donated by the Senate of the University for competition which is open to all the students of the province. The first scholarship is awarded to Miss Helen Montgomery, of Edmonton, a pupil of the Edmonton high school; the second is awarded to Miss Marion Fife, daughter of Inspector Fife, of Edmonton, and pupil of the Edmonton high school; the third is awarded to Mr. C. M. Christensen, of Dickson, Alta., a student of Alberta College, Edmonton; the fourth is awarded to Mr. A. L. Caldwell, of Stettler, Alta., a student of Alberta College, Edmonton. The award of these scholarships is contingent upon the student's proceeding with the work of the University.

BUILDING COLLAPSED

Excavations Undermined Foundations and Winnipeg Building Fell

Winnipeg, Man., Sept. 16.—The greater portion of an old three-story building on Main street, near Rupert avenue, fell down this morning because the excavations for a new hotel next door undermined its foundations. The inmates escaped in a hurry and there were no casualties. The structure is now a ruin, but the loss is not very heavy.

NEGLECT THE HIGH SCHOOL?

Local School Board Censures the Provincial Government for Neglecting High Schools

NEED MORE ASSISTANCE
Meeting of School Board Held Last Night—Much Business Was Done

The Educational Department of the province came in for severe criticism at the meeting of the school board held last evening. It was in connection with the proposed standardization of the high schools which is still held in abeyance by the department that strong language was used.

The high schools of the province have been putting forth every effort towards efficient work and have introduced all sorts of special subjects such as art, music and physical culture, yet in their efforts they are without the support of the province. The salaries of such special teachers and of educational superintendents is paid entirely by local authorities. It was the unanimous opinion of the meeting that the province was extremely backward in failing to recognize the secondary school system of Alberta.

FOUGHT FIRE FIVE DAYS

Blave, France, Sept. 16.—With her crew exhausted by a five days' battle with fire, the French passenger and freight liner California, came into port today from New York. The California was badly damaged by a smoldering blaze below, that had kept the crew at work steadily. The sixteen passengers were landed here uninjured. The city firemen took charge of the fire when the California docked.

FINED FOR FLYING

Aviator Pariot, of Paris, First Man to Be Fined for Reckless Aeroplaning.

Paris, Sept. 15.—Aviator Pariot today hears the proud distinction of being the first man to face a fine for reckless aeroplaning. Pariot smashed his plane today as well as his expensive Farman biplane while attempting to alight in the heart of the city. Pariot apparently lost control of his craft, crashed into the buildings in the Palace de La Concorde. He alighted in a waiting crowd of several hundred excited citizens, among whom was a squad of police.

Aiken & Fulton's
Hand
Tailored
Garments

Every man is interested in the clothes question. Most men enjoy being well dressed. The law and the climate compel attention to the subject even among those who might otherwise overlook its importance. Some men go through life making mistake upon mistake in buying clothes. They either pay too much, too little or just enough, and do not get what they pay for. In Aiken & Fulton's garments you get the degree of perfection that specialists arrive at through years of practice and study.

The examination of Aiken & Fulton's garments must measure up in every particular to the twentieth century standard or back it goes to the tailors. The pressing is done absolutely by hand irons. Ready-made clothes are pressed off on pressing machines.

Our pressers do not shape the garments. The expert tailors do the shaping. We challenge the whole tailoring trade of the Dominion of Canada to produce such perfect garments.

RUGBY WORK-
OUT WAS GOOD

Eskimos Had Twenty Players at Practice Last Evening—Saturday at 3 p.m.

The Eskimos had their best practice of the season yesterday afternoon at Diamond Park. Coach Belanger spent about twenty minutes putting the candidates for the scrimmage and wing lines through their paces. Tackling, passing and falling on the loose ball were practised, while the half backs in a far corner of the grounds occupied their time gathering in spiral punts.

At five-thirty, two picked sides were selected and the players went at each other hammer and tongs. After 45 minutes of good snappy work during which time some good football was displayed, the squad ended up with a brisk run around the grounds.

Those out last night were, Alec McDonald, Conway, Murphy, Starke, McCracken, Benjamin, Kennedy, Belanger, Gibson, Parsille, Starke, McDonald, McPherson, O'Donoghue, Crumorne, Doc Wilson, Dykes, Barnes, and several others.

On Saturday the practice is called for 3 o'clock sharp as the Calgary Calles and Lloydminster take the field at 4:45 for their final in the Bennett Shield game. The management committee would like to see at least thirty players on hand in order that two complete teams can be lined up.

Saturday week, a match will be arranged with the local Y. M. C. A. and it is expected the new uniforms will be on hand by then as a letter from Toronto, received yesterday stated that work was being rushed on them.

OLD HOSS BOOSTS
THE NEW LEAGUE

Has Great Faith in Alberta-Montana Circuits—Is There With Figures.

(The Albertan).

Old Hoss Fidler has great faith in the Alberta-Montana baseball circuit, which the Albertan has been boosting for next year.

Last evening Alf took pencil and paper in hand and figured up the mileage of proposed international league compared with the Western Canada. Figuring it any way at all, it comes at least two hundred miles shorter than the Western Canada baseball league.

Fid. takes the longest trip which would have to be made and does it out as follows which would be from Butte to Edmonton:

Butte to Lethbridge	432
Lethbridge to Edmonton	335
Edmonton to Calgary	193
Calgary back home to Butte	540

Total 1498
Taking the Western Canada circuit from end to end and return, the clubs, such as Edmonton or Calgary, travel something like eighteen hundred miles. In other words the distance from one end of the circuit to the other in the International league would be 726, while in the Western Canada league from Edmonton to Winnipeg one way would be 800 and the return over the C. P. R. nearly eleven hundred miles, thus the Alberta-Montana circuit has the advantage in mileage. Not only the mileage, but the Montana towns are real live ones, and the interest between the Alberta and Montana clubs would be the interesting point, is the way Mr. Fidler does it out.

Mr. Fidler for the benefit of the Albertan readers, is going to draw up a dummy schedule for the Montana-Alberta clubs just for the sake of comparison.

LAUDER GETS DECISION.
Winnipeg, Sept. 15.—Billy Lauder tonight gained the decision over Kid Luca in a fifteen round bout, which went to the limit. It was a popular win with the two thousand fans, for the Scotchman had undoubtedly the better of the argument except in the fourth and fifth rounds, which went to Luca. The Calgary man either fought his opponent level or had an advantage. Luca's blows lacked steam, though he got in some good uppercuts and was faster on his feet than his opponent.

LONG TO MEET BURT

J. W. Tipton, of 'Scona, has Arranged a Bout for Local Ring Artist

Spokane, Sept. 11.—Louis Long will leave for Calgary, Alta., within a week to meet Kid Burt, the Alberta champion, over the 15-round course, following the mull with a set-to with Billy Lauder, the lad who succumbed to Abe Attell in seven rounds the other day. J. W. Tipton, an Alberta really operator, made a special trip to Spokane to secure Long for the fight. Burt defeated Lauder a short time ago for the Alberta lightweight title, and the Canadians are confident that their champion can worst anything this section of the Northwest can produce.

FOR BENNETT TROPHY

Calgary Calles, former champions of Canada, and 1909 holders of the Bennett Shield, will be seen in action tomorrow at Diamond Park. Their opponents will be the Tykes of Lloydminster, vanquishers of our own Calles, and the trophy at stake is the Bennett shield, emblematic of the Alberta championship.

The Calgary team do not arrive until 4 o'clock on Saturday, while Lloydminster will probably arrive tonight and get the benefit of a good night's rest. The match will be a good one and it is up to every Edmontonian to turn out on foot for Lloydminster as it is to be hoped the Cup can be kept in this district.

Game called at 5 o'clock.

COOPER REPORTS AT ONCE

Brandon, Man., Sept. 16.—Charles Comiskey, manager of the Chicago White Sox, notified the Brandon baseball club that he had decided to give catcher Cooper a trial immediately. Cooper is at home at Fairport Harbor, Ohio, and has been notified from here to report at Chicago. Pitcher Thelin who is now down in Wisconsin got together a bush nine the other day and defeated the Rockfort club of the Wisconsin-Illinois league in a ten-inning game.

ATTELL FIGHTS TODAY

Meets Charlie White in Milwaukee. Ten Rounds, No Decision
Chicago, Sept. 16.—Charlie White, Calgary's candidate for the featherweight championship, will have another chance to battle Abe Attell, King pin of the 122-pound division. Promoters of the Badger Athletic club of Milwaukee closed the match yesterday, the men agreeing to meet in a 10-round, no decision contest today.

Early last spring White fought Attell eight slashing rounds before a Memphis club and made more than a promising showing against the featherweight champion. Since then his friends say White has improved greatly and now is regarded as Attell's closest rival in skill and cleverness.

The featherweights have agreed to meet at 122 pounds, at which weight White is at his best.

POTTS AND BURT.

Tonight is the night for the big boxing exhibition at Strathcona Opera House, between Budd Burt and Jimmy Potts. Both men have hosts of friends in this city and the hall should be crowded to the doors.

The preliminaries start at 8:30, while the main bout is carded for 10:30. The men will box with the clean break, and will enter the ring at catch weights.

Tickets are on sale at all hotels and news stands.

AFTER MANN CUP

Vancouver Amateurs Will Go East After the Simon-Pure Trophy

Vancouver, Sept. 16.—Mr. Al Lawwell, president of the Vancouver Athletic Club's lacrosse team, champions of the Pacific Coast Amateur League and challengers for the Mann Cup, which represents the amateur lacrosse championship of Canada, received the following wire this morning from J. R. Robinson, of Toronto, one of the trustees for the trophy:

"Dates probably October 1 or 8. Winnipeg wants to play."

The tie in the Canadian Lacrosse Association must be settled first before any definite dates can be named.

Mr. Joe Lally, of Cornwall, another trustee, is on his way to the Coast to see the Pacific Coast Amateur League and he will confer with the local club when he arrives on Thursday.

The V.A.C. team is ready to leave and may start east on Sunday night. That will get them to Toronto in time to see the deciding game there the following Saturday. The amount necessary to send the team east has been very nearly all subscribed.

PLAYERS DRAW.

Cincinnati, Sept. 16.—Major league ball players are drawing up a magna charta to present to the powers of organized baseball. It is stated that this "bill of rights" will be heard by the commission at its next meeting within a few weeks. The claims of the players may be classed under these five headings:

1. A clause in contracts declaring them free agents after playing in one city for a limited term of years.

2. In case of dispute between player and club owner over salary, a board of arbitration is to pass upon the case.

3. Representation on the national commission.

4. Six months' players contracts to terminate at the end of the league season, or compensation for twelve months of service if club owners insist on that time for their contracts.

5. Freedom to play ball or engage in athletic sports with teams other than those in organized baseball after the league season's are over.

SUMMER FLIRTING WITH AUTUMN—BUSY DAYS!

At Mid-day the sun appears a summer sun—but didn't last night's moon whisper of Autumn? Delightful days—and busy days! Thousands are returning from vacations; thousands more are packing up to come. City homes are to be set in order; new furnishings and new clothes to be bought. Summer and Autumn needs overlap just now, for the many warm days yet to come will be tempered by cooler nights, and chilly days may be expected soon. This is the store that is always ready. New things for autumn coming in every day—and both summer and autumn merchandise going out.

Busy days when summer flirts with Autumn.

Handsome High Grade Tailored Suits

Exclusive Models, Silk Lined, \$27.50 to \$40.00. The Women's Suit Store for the women who are "Looking About"—The woman who goes out now, not necessarily to buy at once, but to find out what she wants to buy, will do well to visit this store. More styles ready here now than can be seen in any other store in the city—so we are told study the new styles, the new fabrics, the new colorings, and workmanship and in fair pricing these suits are very hard indeed to equal.

(Second Floor)

Women's Stylish Fall Coats at \$10.00

The wearableness of our Coats for Women is a matter of daily comment.—To have coats that are distinguished by the utmost style, smartness, and that are also practical enough for most women to slip into them and find them decidedly becoming—that has been the problem we have worked out successfully in assembling the new stock. Every day we hear comments about the wearableness of the apparel we are showing. When you examine fabrics and workmanship, you wonder that so much excellence can be provided for such moderate prices.

(Second Floor)

Party and Evening Dresses \$18.00 to \$50.00

The most beautiful and exclusive creations to be found in Edmonton, are here, waiting your selection. This new shipment just opened reveals the daintiest of dresses in the new shot silks, and voils over Persian and silk slips. Every dress exclusive in style, no two alike. Now is the time to make your choice while the stock is fresh and complete.

Buy Dress Goods Now

Fresh and Complete in our Busy Dry Goods Department, Main Floor, Third Street Entrance.

Beautiful Broadcloths in the Dress Goods Display. — Broadcloth might be surnamed the elegant in the Dress Goods family, for always it possesses this quality, and it never seems to lose favor with fashion for certain uses. The chief thing, therefore, a woman needs to assure herself of in buying it is that color and quality are right, for its fashionableness she need not question. The broadcloths here are famous for their lustrous, fine quality, and for being absolutely true in coloring to the beautiful shade fashion has approved for this season.

Silks for the Bride

(From our popular Silk department, Main Floor.)

Rare Sheen of White, Ivory and Cream.—The autumn bride-to-be is busy with her trousseau these crisp September days, and the wedding gown is uppermost in her plans. White must the bridal gown be and soft—so soft that it will drape and fall in graceful, drooping lines as she slowly follows her maids to the altar. The Autumn bride should be especially pleased this season, for not in many an array of silken fabrics, shining in clear years has there been such a marvelous tones of white, ivory and cream; from soft and supple stuffs any one of which will make a beautiful and picturesque gown.

New Battenburg Linens

Dry Goods Department, Main Floor, Third Street Entrance.
Full shipment of Fancy Japan Linen, Embroidered Battenburg and Drawn Linen. All fine hand made work. Sideboard Scarf, Tray Cloths, Doilies, Center Pieces, Table Covers, etc., at moderate prices.

An Unusual Array of Men's and Boys' Fall Attire

Getting near the day when we must say good-bye to the straw hat and summer suit. We have ready a finer assortment of Men's and Boys' Fall Suits than we have ever presented at this early date. The selection of fabrics has been particularly happy. While the conservative man will find the most dignified and refined effects, young men who desire something new and striking will be delighted with the many distinctly new and effective patterns that are here. The tailoring is above adverse criticism. Each grade shows the utmost skill that its price can afford. All suits are practically hand-made, where hand work gives better wear, fit and finish.

AT THE THEATRES**AT THE LYCEUM**

The Sherman Musical Comedy Company at the new Lyceum presented a musical comedy last night which seemed to be thoroughly appreciated by the entire audience. There was a good crowd at the performance. The comedy was excellent, with enough life and music to make it stand out in very bright colors. Tom Beeson is at the head of the comedy part, and he did splendid work all the way through. Emil Kruschke is also deserving of mention for the elegant showing as the Jew sailor.

Mr. Beeson relies on the versatility of the members of his company for his results and they need little, if any, criticism. Beeson himself is always the same Irishman, indifferent and funny, but his comedy grows on one by reason of its variety and his clever presentation. The girls, too, have won a place in the hearts of the theatre-goers of this city for their conscientious work.

The Sambo Islands, as this musical change is entitled is a burlesque, full of genuine humor. The ridiculous complications are speedily tangled and satisfactorily untangled in sixty minutes and leave the impression of a two hours' show.

SOME BEAUTIFUL HATS DISPLAYED

At Miss Farrell's attractive millinery show rooms on Jasper Avenue, are to be found many pretty models for fall and winter wear. Many black hats are shown and black combined with all colors seem to be favorites. Paisley and Persian silk are shown on many of the models. A large black hat with pale pink swandown crown held in graceful folds with gold grapes and touched with pale pink paisley is very effective. Another turban toque of king blue velvet, trimmed with blue wings and old gold band is exceedingly pretty. Beavers and fur hats in all colors, for the coming winter, are to be seen. One large black weaver has two shaded old rose and black willow plumes, caught with a pretty buckle, set with old rose stones. A large pale blue corded silk mushroom faced in black velvet with a heavy drape of pale blue maline, caught at the side with two flowing sprays and owl heads, is a model of the very latest creations from New York. Miss Farrell is also showing the new veils and hat-pins. The stock is large and calculated to suit the taste of everyone.

About Town

Thomas Thibault, who was sentenced to the industrial school at Portage la Prairie for sandbagging a Chinaman in a Stratcona restaurant, was sent to the school yesterday.

While playing on the grounds of the Queens avenue school yesterday afternoon, the eight year old daughter of George Belton, of 903 Columbia avenue fell and broke her arm. Dr. Sloane was called in to attend to her. This morning he stated that she is doing well, the fracture being only a simple one.

The Wesley Sunday School will hold their annual rally on Sunday next at 3 p. m. The members are requested to bring parents and friends to enjoy the special programme and visit the school that day. The postponed Sunday school will be held on Saturday afternoon, September 25th. Cars will leave 21st street at 2 p. m. and can be boarded down Jasper. The boys and girls are invited to bring parents and friends to join in the banquet picnic at City Park, and enjoy the social time together.

IMPORTANT DESPATCH

MELBA AT OTTAWA

To Geo. H. Suckling, Harmony Hall, Edmonton.

Melba's appearance here tonight occasioned a scene of fervor and enthusiasm never before witnessed in Ottawa. Six thousand people packed the vast arena from floor to ceiling. At the conclusion the audience rose en masse and cheered the Diva. Hundreds unable to gain admission waited outside during the entire programme. Frederic Shipman, manager Melba Tour. For the Melba-Edmonton concert, October 5th at the Thistle Rink, the C. P. Ry, the C. N. Ry and C. T. P. Ry will grant to parties from outside towns desiring to attend the concert, a reduced rate of a fare and one-third for the round trip, where ten or more local residents make application to local agent and travel to Edmonton on the same train.

LABOR CONGRESS

(Continued from Page One)

Things Run Smoothly.

It was owing to a very efficient progress made up today that the election of officers was reached this afternoon. It was not expected during the early part of the week that this business could be touched until Friday afternoon at least, but things have run so smoothly, which is regarded by some as the most remarkable, that the election of officers and selection of the next meeting place were reached twenty-four hours ahead of schedule time.

The New Officers.

The complete list of officers elected is as follows: President, Wm. G. C. Ling, Toronto; vice-president, C. Francis, Montreal; secretary-treasurer, P. H. Draper, Ottawa; delegate to the American Federation of Labor, R. P. Pettipiece, Vancouver.

British Columbia—Vice-president, J. P. Manning; vice-president, R. A. Wigg, Wm. W. Barrett, A. W. Puttall, all of Winnipeg.
